

Louisiana Carville Gillis Long Center

Facility and Location

The Gillis Long Center, located in Carville, serves as a training site for two armories and houses personnel. The property was historically used as a medical research and hospital for Hansons Disease patients. No history of perchlorate use is known to exist at this facility.

Media Sampled and Findings

Drinking Water — In 2011, one of two samples detected perchlorate at 0.03 ppb.

Appropriate Actions

Not Applicable. All samples were below the EPA and DoD Preliminary Remediation Goal of 15 ppb.
